

GRACE INTERNATIONAL is recruiting volunteers for the following:

Grace International Inc. will like to thank you for choosing us for your volunteer opportunity. We need your help and support in the following areas.

Fundraising

Completing construction of the new Girls Home in Haiti, Orphan and School Children's Sponsorships. Financial support for Doctors, Nurses and medical aids as well as funding of medical supplies for Grace Haiti Pediatric Hospital. Support for the "Lord's Kitchen" (children's feeding program). Scholarship funding for 1000 University students who cannot afford tuition for their education. Funds to build permanent sustainable homes for many of the 2010 Haiti earthquake displace families

Research Department

Volunteers will help implement research of Universities, Children's Hospitals, Churches, Schools, mission oriented organizations, altruistic foundations and others willing to promote and fund the efforts of Grace International, to bless the people of Haiti.

Short term or Long term mission promotion

Leaders to bring volunteer work teams to Haiti and the Dominican Republic to help with construction projects, to teach English, music, computer skills, plumbing, carpentry, mechanics and other educational disciplines to both adults and our Haitian youth.

Place of Work

People can virtually volunteer at home or at their offices anywhere in the world. We can also locally schedule a few people to come and help at our Miami offices. People can also come to Haiti for short and long term mission commitments if they can raise their own support for their travel and living expenses. We may be able to provide some accommodations and small compensation but space is very limited.

Regulations:

As a Christian, faith based 501 C3 nonprofit organization we have some rules and regulations which will be sent to volunteer candidates when their interest and intent are expressed.
