Grace International Inc. Newsletter

March 17, 2016

As we celebrate the resurrection of our Lord and Savior Jesus Christ, The management and staff of Grace International Inc. take this opportunity to reflect on all the great things the Lord has done for us by sending his son Jesus to die for our sins and gave us the victory over so many obstacles, We have the assurance that he is no longer in the grave but he is alive and risen.

Bishop, Dr. Joel Jeune and Pastor Doris Jeune

The Jeune's have devoted their lives to the people of Haiti and given their time unselfishly for kingdom building, imparting and empowering children and families. God has truly called them in such a time as this.

Mrs. Doris Jeune, who grew up as an orphan child, wanted to give back because she was helped through missionaries as a child. Bishop Jeune was called by God to build churches; he took hold of the vision and God gave the increase.

We thank God for them as they have been a blessing to the people of Haiti and have changed the lives of many; impacting the world at large with the gift the Lord has given them to bring change to a nation. God is using them because of their obedience to his calling.

I enjoyed the expression on the kids' faces during the puppet show it was priceless. It was an excitement to see the children enjoying their meals, and when they got their gift and hold them in the air because they were so overjoyed.

A true soldier for the Lord there is no better way to engage the young people by rapping for Jesus. They were really enjoying the music and raising their hands and praising God.
