MISSION/WORK TEAM INFORMATION

BUILDING WITH GRACE

IT TAKES A TEAM TO THE DREAM WORK!

Dear Kingdom Partners,

Greetings!

Welcome to Grace International Haiti!

We thank you for considering becoming a volunteer and partnering with Grace International. We know that Grace International Haiti is not your only option when choosing where to serve on a short term ministry/building/work/mission trip, so we thank you for opting to help continue our four decades of excellent service in Haiti.

Please know that you are making an eternal difference in the people's lives that you will meet and minister to in Haiti. Expect a great reward and a closer relationship with the Lord, knowing "that which you have done for the least of these my brethren, you have done unto the Lord" as it says in the Bible (Matthew 25:40).

With love, prayer and gratitude,

Bishop Dr. Joel R Jeune

President of Grace International

GENERAL INFORMATION FOR TEAMS VISITING GRACE VILLAGE

Each team member intending to visit needs to sign up on our web site www.graceintl.org (Click on "Get Involved") and fill out the information required on the form. Please include the name of your school, company, ministry, church and pastor (or supervisor/sponsor) and the date you are planning to come to Haiti. In addition, your pastor's or supervisor's recommendation is required (this is applicable for first-time guests only). The reason for this is that we want to make sure to provide the best experience possible for our guests as well as those whom we serve and just like in any other work that is worth doing, recommendations help us put together teams and projects that are highly effective.

For people providing highly specialized services, such as medical personnel and engineers, a copy of each one's professional license is also required. Please read the volunteer policies and sign the waiver form.

FAQs (also available on our website: www.graceintl.org)

TRAVEL ARRANGEMENTS

1. Does Grace International handle the flight reservations?

Guests are responsible for making their own travel arrangements. However, we encourage our guests to use the following option when booking their flights:

Grace International is a Business Extra Member with American Airlines (AA) – our # is **831209** . We appreciate if our partners that fly AA will use this # or share their ticket number with us. This will not hinder a person to continue receiving their own advantage miles; but it gives Grace International points and advantages. Thank you for using our business extra #; this as another way to help Grace International!

For more information on benefits of this Grace/AA option, please contact our office at 305-231-1117 or email us at office@graceintl.org

2. Is there a certain day and time at which our teams need to arrive?

Any day is fine but preferably from Monday to Saturday. Reservations should be booked to arrive at the Haiti airport as early as possible (no later than 6 pm); travel in Haiti at night is highly inconvenient, unsafe and sometimes the roads are blocked. Visitors who will arrive at the Port-au-Prince airport later than 8:00 pm may have to book a hotel by the airport, and we will be picked them up the next morning.

Sunday arrivals are not encouraged; Grace International has many church activities on Sunday and transportation is usually a big challenge and we do not have drivers available. If Sunday becomes the only option, please try to take a flight which arrives in the late afternoon arrival or plan to rent a van with a driver (which we can coordinate for you).

Airport pick-up & Ground Transportation

2. How will we get to/from the airport and to where we're staying?

Grace International transportation (van or truck).

3. Will someone meet us at the airport?

Grace International's Guest coordinator will meet the team at the airport. Look for a Grace welcome sign or T-shirt. The driver might not be allowed to come inside the customs area at the airport to meet the team, so he/she will meet you at the exit door after going through customs.

GRACE VILLAGE, HAITI

MISSION/WORK TEAM INFORMATION

We encourage visiting team members to order and prepay for the Grace International T-Shirts. This will make them easily identifiable when working at the compound or out in the field.

Please let us know your size in advance. The easily recognized Grace Logo lets everyone at the airport know that you are a volunteer member of the mission/work team and a pioneer with Grace for a New Haiti, which might help expedite your airport entrance!

4. Please be aware of an Airport entrance fee of \$10.00 cash some team members had reported that they were asked to pay at the Haitian immigration. The physical address in Haiti to use when you fill out your custom's form is: GRACE VILLAGE (Evêque JOEL R. JEUNE), Lamentin 54, Carrefour. Ph. (509)-3449-3717.

5. It is sometimes difficult for all our teams to arrive on the same flight because they start in different places around the country. How do pick-ups work at the Haiti airport? Is a three hour gap from earliest to latest arrival reasonable? Are separate pick-ups ever possible?

Our driver will wait for the next team if it is only a couple of hours. If it takes more hours, our driver will go back to pick up the next team but we prefer that teams arrive at the same time or as close in time as possible. It takes between 1 and 3 hours to travel from the airport to Grace Village, depending on traffic.

6. How will we get around throughout the week?

Grace International is not able to provide full transportation to all groups. We only provide transportation to and from the airport, one tour to the Boys Home, Widow's home, Grace Village Lambi Community and church meetings on a free will offering basis.

For all other tours, beach, sightseeing and other recreational trips, the visiting group needs to consider renting a vehicle for their transportation; car, van, bus or truck according to their specific needs. Arrangements need to be made ahead of time with all major rent-A-car companies such as Avis, Budget and Hertz. If you have difficulties confirming your Haiti rental reservation please contact us to help with getting the information needed. Allow a couple weeks prior to arrival.

R&R (recreation and relaxation)

7. Will we have days off from the work projects? Are there any R&R opportunities?

Sunday is a non-working day. If coordinated in advance, a group may want to set aside one day aside for R&R. (The trip is usually 4-7 days. One day is set aside to visit the Museum at Moulin Sur-Mer OR mupama Haiti Historical Museum for a review of Haitian history to help team members understand the people to whom will minister, then enjoy lunch and swimming on the beautiful Caribbean beach.) This must be pre-arranged at an extra cost.

GRACE VILLAGE, HAITI

MISSION/WORK TEAM INFORMATION

Are there any tools we should bring?

Personal tools that can easily fit in checked through luggage would be helpful.

30. Who are the families we're building with? Generally speaking, how were they impacted by the earth quake?

The families are the ones who do not have a home, their homes having been destroyed during the earthquake and who qualify to be part of one of the various the housing programs or any of our different shelter programs.

Yes. All the homes we build in Grace Village communities for earthquake displaced people are hurricane and earthquake resistant.

Project Costs:

32. How much should my group raise for the projects we plan to do?

Questions:

33. What's the minimum and maximum work team sizes?

We would prefer a minimum of 12 members and a maximum 50.

34. How often could you take teams? Any exceptions we should know about in advance?

A group per week works well. However, we are able to handle 2 to 3 groups at a time however depending on the size of the groups.

Dress Code

Our clothing guidelines are chosen to ensure maximum sensitivity and upmost respect to the people and the culture that we serve; eliminating any unnecessary hindrances to connecting with the people of Haiti.

GRACE VILLAGE, HAITI

MISSION / WORK TEAM INFORMATION

35. What is the dress code for Men?

At church services men are expected to wear dress trousers and often wear a necktie, especially if they are going to speak to the congregation. Men do not wear hats and shorts in church. Men never wear dresses in Haiti. Christian men do not wear earrings in Haiti. Non-Christian men wear these embellishments away from church meetings, schools and other Christian institutions and meeting places. Rastafarian hairstyles (for both men and women) are not encouraged in church services and will not be allowed on the pulpit (these, as well as Tattoos and body piercing have many more cultural implications in the churches of Haiti than they do in the US and some other countries. However, the visitor is still loved, understood and accepted as we know the tattoos may have been existed before the person became a born-again Christian). We promote a smoke free environment and alcoholic drinks are not allowed.

36. What is the dress code for women?

Women are expected to wear a skirt or dress at all times. They do not wear pants, shorts, low cuts and any exotic wear whether in church, at mission sites, schools and on the orphanage grounds. Pants are allowed only for traveling and working during construction labor. It is recommended that ladies wear a head covering in church services. Please leave all jewelry at home (this includes all visible body piercings) except for wedding rings or watches--exposing jewelry can incite and invite robbers and thieves.

Because of Haiti's strong culture of Mardi Gras and superstition, clown and painted faces and costumes are not allowed among Christians and conservative groups.

General Questions :

37. What is a typical daily schedule?

Devotions 6:00 am; Breakfast 7:00am; Work 8:30 – 12:00; lunch 12:30- 1:30; Work 2:00- 4:30pm; Dinner 6:00pm; Debriefing 7:00; Bedtime 9:30 pm

38. Who is the in-country emergency contact and what is their phone number? (This one won't be shown publicly.)

We want to make sure that you have more than enough contacts than needed: Grace-Haiti Office: 305-851-8285; 305-851-2237. Pastor Michael Jeune (011-509)-3403-4732. Luce Jeune: (011-509)-, Ronise Sanon , Germanie Badeau (011-509)- 3449-3717 : Pastor Doris Jeune (011-509)-3657-1526, Bishop Joel R. Jeune, president (011-509)-3147-9030. The number to call heaven : **JESUS !**

39. Can we bring any supplies, medicine, or toys with us?

SPONSORING A CHILD IN HAITI

40. What is the cost to sponsor a child in your ministry?

Sponsoring an orphan girl or boy: \$30.00 each month helps to feed, clothe and care for each child. Several sponsors are needed for each orphan in order to fully meet their needs.

Sponsoring a child to go to school whose family could not otherwise afford to send them, costs: \$250.00 per year, in primary grades, \$400 in High school and \$500 for students in vocational and trade schools. Information for University and Bible school scholarship will be provided upon request. Please ask for a full sponsorship packet, call (305)231-1117 or email office@graceintl.org or request a sponsorship package when you arrive in Haiti.

Sponsoring helps many children in Grace Village to partake of the "Lord's Kitchen" Feeding Program. Even gifts of \$20.00 monthly help to assure the continuation of this feeding program.

GRACE VILLAGE, HAITI

MISSION / WORK TEAM INFORMATION

My first experience with this charity was as a sponsor for a 14 year old girl in their girls' orphanage. After several years of sponsorship, I finally met Mica when I traveled to Haiti as a member of a team to minister at a women's conference. On that trip, I began to see how the leaders interacted with the children and with the women of the island who had come for the conference. I was immediately struck by the amount of organization that had gone into everything and how well and happy the Haitian children and women appeared to be. All the children at the orphanage rotated jobs every week and learned to cook, take care of their rooms and clothes, and take care of a house. I came to know the Jeunes, the native pastors who are the head of the organization. Their love for everyone was so evident in everything that was done.

Over the years, Mica attended graduate school, and finally came out as a pediatric physician! I was impressed that the Jeunes find sponsorship for their older children in order to give them the tools to advance in life. Their desire was not to send them out to the streets on their own. Instead, they treat them as their own children, desiring their success. Of all the organizations that offer sponsorships of children, I would recommend Grace International, because I have seen that their children become successful adults.

During the time of the earthquake, the Jeunes ended up with 20,000 dislocated persons on their property in tents. It has taken several years, but all these people have now been relocated. The Jeunes have used some of their property to build homes for many of these displaced people, which they call Grace Village. Grace International also has a large feeding program in which they feed thousands of children on a daily basis. They have a hospital that is now in operation, as well as a widows' home and a boys' and girls' home. At Christmas time they share the gospel with 20,000 children across the island, give them a meal they won't forget, and a bag of treats and gifts. The influence of this organization is far reaching on the island of Haiti. With so many organizations that are working in Haiti, I would say that this one has the most lasting fruit and is well worth.

My first trip to Haiti and Grace International was in 2013. I have since then visited each year and support them with both my prayer and financial support. While in Haiti I was given the opportunity to help in the office which allowed me to view first hand how above reproach this organization truly operates. The love and compassion Bishop and Madame Jeune display for their children is admirable. What a blessing to be able to call Grace International and Haiti my second home! I strongly believe Grace International is a reputable nonprofit and would not hesitate to recommend others to join their mission.

MISSION / WORK TEAM INFORMATION

I first met the Jeune's in 1984 in Bradenton, Florida. Madame Jeune was at a women's prayer breakfast that I attended. We connected & bonded immediately! Within two months I was on a medical missions trip to Haiti. The first of many. I have been a part of their work ever since in various capacities. I consider them as a sister & brother to me. My love and respect for them and all that they do and are is beyond measure. They truly are remarkable people! People of great love, integrity, caring faithful, always there and helpful to all. Over the years I have been with them and observed them and the ministry first hand and would more than highly recommend this ministry. I have supported this ministry over all these years, with my friendship, love, prayers and finances on a regular ongoing basis as well as having them stay in my home. Through supporting orphans, the widows home, special projects, women's conferences, my Haitian family, and what ever else i am called upon to do now and in the your support.

I am extremely impressed with the generosity of this organization. This is my first experience in Haiti and I am already in love. God's presence is evident everywhere. Through the smiles in these beautiful children to the giving hands of the Haitian house members. I am also very impressed with how well the homes are taken care of. The children are also taken care of very well. I love how Christ is incorporated into their curriculum. Hearing these children sing together has been the most powerful experience yet. I have loved the chance to interact with them in different ways, from creating pizzas to teaching VBS. The translators and Haitians that are at the guesthouse have been wonderful to get to know! They have so many stories to tell/teach. I have learned so much! I am very thankful for this opportunity and I look forward to what is ahead.

I am happy to write this review for Grace International and for Mr. and Mrs. Jeune. I have worked on and off with this organization since 2006 when I was living in Port-au-Prince. My experiences with them have only been positive. They provide food, shelter, and medical care to many. They operate 2 orphanages as well; both of which carry high standards. Apart from visiting while living in-country, I have accompanied several medical teams since moving back to the US. They provide comfortable lodging and provide great food. I have always felt safe while on site. They have security who patrol the compounds.

Grace International and it's staff truly care about the people they serve and the volunteers who come to help. They are providing superior and much needed services to the community and for the orphaned children in their care

This is my first trip to Grace International in Carrefour, Haiti. My experience has been amazing. My daughter came last year and came back with many stories about the great work that Grace International is doing with the children here. I was so inspired by her stories and pictures that I had to come and see it for myself. It has been even better in person. The children here are not only being well taken care of but also receiving the love and affection needed to grow into productive, healthy adults. As a mother of 12, I know how hard it is to give each of my children the love and affection they deserve. It takes an extreme amount of effort and energy to meet the physical and emotional needs of so many children but Grace International is DOING IT

This is my third year coming to Grace International to visit the boys and girls in the homes. Each time I come I have such a rewarding experience. Those in charge of Grace International show their love for the children. I feel this especially by how they make sure that we spend time with the children and they make it a priority that we see the kids we sponsor as much as we can in the time that we are here. I have received letters in the mail from the boy that I sponsor, they have sent me information to update me about how he is doing while I'm in the states, and they sent me a picture of him at Easter in Easter clothes that they were able to buy for him with gift money from me. Grace International loves their children and takes such great care of them. I come every chance I get.
